

# HSG ASO Probeplan/Rehearsal Schedule

(Version 26.08.2022)

Please always consult the currently valid version in “Konzertmeister” app, as changes can also occur at short notice. The availability of conductor is confirmed, also concerts and concert halls are confirmed, but the schoolhouses are not confirmed yet. So there is a risk that rehearsals could be on another Friday than scheduled before.

**Important Note:** The rehearsal weekend in Disentis is now mandatory. With regard to rehearsals, we follow the approach « Performance over Presence ». We highly recommend to join all rehearsals, unless you are sick or have some business reasons. Deviations are possible depending mainly on your level and also the exposition resp. soloistic aspect of your part. In case of doubts, strings are kindly recommended to consult with Valentin Akcag and wind to consult with Conductor Akcag. Also, special instruments like timpani, other percussion, harp etc. are kindly requested to agree upon their required rehearsal times directly with Conductor Akcag. Thanks.
